Rural Municipality Forty-Mile.

The Council of the above Municipality met on Saturday, April 13th, at Westfield. Councillors present — Walker, Hazell, Hopkins, Roberts, Flannan and Sewell.

The minutes were read and approved.

The following bills were ordered paid:—
S. Arthur, grading in 9-11 3.20
T. Roberts, dist-buting poison 7.50
Grain Growers' Co., coal 8.20
Pioneer Lumber Co. 12.10
Kill-en-Quick Co., poison 10.00
W. W. Andrews, grading 19-11 10.71
Thos. Roberts, expenses to convention 31.00
L. N. Sewell, expenses to convention 30.30
Do., membership fee to convention 10.00
Do., supervision of roads 11.75
Do., gasoline bills 17.30

The following applications for seed grain were dealt with:—

A. B. Colman, 100 bushels wheat.
D. A. Fortune, 00 "
G. R. Collard, 85 bus. wheat and 30 bushels oats.

R. W. Lyons, 100 bus. wheat and 30 bushels oats.

T. G. Hopkins, 250 bushels oats.
S. Hazell, 250 "
S. Winters, 200 "
L. Bakken, 150 bushels wheat and 50 bushels oats.

J. E. Bakken, 300 bushels wheat and 50 bushels oats.

J. L. Leahy, 200 bushels wheat.
E. R. Warrey, 60 bushels oats.
C. Henschel, 100 bushels wheat.

L. Roberts, 100 bushels oats.
W. Carlson, 100 "

A. Brown, 70 "
B. F. Sewell, 100 bushels oats and 35 bushels flax.

E. McMahon, 100 bushels oats and 25 bushels flax.

Motion by Councillor Sewell, that the Council meet on May 27th at Mahan post-office to look over the work to be done on roads.—Carried.

Motion by Councillor Roberts, that we appoint the weed inspectors at the next meeting.

Motion of adjournment to meet June 1st.—Carried.

Red Triangle Campaign.

Nearly 100 men from all parts of the province attended the Red Triangle Fund Conference in Calgary last week to plan for the Alberta campaign for \$150,000 dollars to help maintain Y.M.C.A. with the soldiers. The type of work was explained from all angles by G. H. Warrington of Toronto, and Capt. J. M. McKendrick formerly of the 21st and 40th.

After hearing the plans of the national campaign for the total amount of \$2,350,000, the delegates were unanimous in endorsing the date of May 7, 1918 for the campaign.

Board of Trade.

July Celebration and Fall Fair to be arranged.

A very successful and interesting meeting of the Board of Trade was held in the Oddfellows' hall on Tuesday evening of last week, when, in addition to the president, A. F. Werts, and the secretary, A. Rolfe, there was a large number of members.

The first matter brought up was the matter of the establishment of an agricultural school at Bow Island. This provoked a general discussion, in which the members thought that in view of the premises made our delegates when in Edmonton some time ago Bow Island should have been given some preference in the matter. However, it was finally decided to request the secretary to write the Minister of Agriculture asking him if there was any possibility of a school being established here.

Mr. Pollitt then introduced the subject of recreation for the children and appealed for support in providing swings, etc., for the use of the children in the public park.

During the discussion that ensued, it appeared that the members of the Board of Trade were in favor of the scheme and eventually a committee consisting of Messrs. Werts, Pollitt and Rolfe was appointed to interview the Town Council and make what arrangements they considered advisable.

Mr. Blaine wanted to know what the members thought of the idea of holding a July 1st sports day this year and although no arrangements were made at this meeting it was decided to hold a celebration and arrange details at the next meeting.

Another important matter brought up was that of an agricultural fair for the town. It was pointed out that the previous fairs held here had been very successful, and it was believed that one this year would be appreciated and welcomed by the people of the town and country.

Finally, it was decided to hold one but, as in the matter of a sports day, the subject will be again brought up at the next meeting of the Board for settlement.

The meeting then adjourned.

The organization is as follows:—
No. 1 District Medicine Hat—Organizers, Rev. R. G. Blundell; Chairman, Henry Stewart.

No. 2 District—Lethbridge Organizer, W. A. Lewis; Chairman, W. J. Nelson; Treasurer, W. D. King.
Districts have also been mapped out with their centres at High River, Calgary, Red Deer, Stettin, Camrose, and Edmonton.

The amount allotted to Medicine Hat district is \$10,500.00 and to Lethbridge \$17,500.00.

The Red X needs your assistance.

TOWN OF BOW ISLAND. CLEAN-UP DAY.

With the purpose of having a general clean up in Bow Island I have set apart MONDAY, APRIL 29th. Let us make this a general clean-up day, and get all the rubbish out of the back yards and lanes so that our town will have a respectable appearance and, to say nothing about the sanitary side of the question—which is very important. Then after making a clean-up a united effort should be made to keep the streets and lanes free from loose papers and rubbish. This can only be accomplished by everyone doing their part. It is not fair to those citizens who attempt to keep their premises clean to have to be continually gathering up what is thrown out by the other fellow. It is true we have a by-law dealing with this nuisance, but how much nicer it would be if the work was done voluntarily than having to enforce a by-law.

S. G. JAMIESON, Mayor.

Vast Issues Depend Upon the Welfare of Our Men!

Cheer Up and Thank God for the Y.M.C.A.

TRY to picture yourself in the muddy cold trenches after exciting days and long nights of mortal danger and intense nervous strain. Rushing "white-bangs" and screaming "cool boxes" are no respecters of persons. You are hit! But despite shock and pain you still can face the long weary trudge back to dressing station. Weary, overworked and depressed, you are prey to wild imaginings of that other coming ordeal with the surgeon. There are other "walking wounded," too! You must wait, wait, wait. And then—

Up comes a cheery Y.M.C.A. man, the ever-present "big brother" to the soldier, with words of manly encouragement. Close beside the dressing station the good generous folks at home have enabled him to set up a canteen. He hands you biscuits, and chocolate or coffee.

YMCA Red Triangle Fund

\$2,250,000, May 7, 8, 9

Canada-Wide Appeal

"In thousands of cases," writes an officer, "it was that first hot cup of coffee that dragged the man back to life and sanity."

The tremendous helpfulness of the Y.M.C.A. as an aid to the "moral" or fighting spirit of the soldiers is everywhere praised. No wonder the Germans make every effort to smash the Y.M.C.A. huts out of existence.

The Y.M.C.A. is everywhere. You first met the helpful, manly Y.M.C.A. worker in camp, then on train and boat, at camp in England and in France, close to the firing line. Often he risks his life to reach you in the trenches. He has won the warmest praise from military authorities, statesmen—the King! Have you a precious boy at the front? You cannot be "over there" to guide him away from fierce temptations of camp and city. You cannot comfort him in his supreme hour of trial. Your parcels to him are necessarily few. But the Y.M.C.A., thank God, is "over there," going where you cannot go—doing the very things you long to do—doing it for you and for him. Will you help? This vast organization of helpfulness needs at least \$2,250,000 from Canada for 1918. For your boy's sake be GENEROUS!

FARM LANDS FOR SALE

I have secured the agency for this district for Hudson Bay Farm Lands, and will be glad to submit prices of several eligible pieces of property.

I have also a list of other farm property. Call in and look these over. Many of them are bargains.

R. S. BEATTIE, Bow Island

Strayed.

Dark Brown Mare, with white star in face, about twelve years old, about 1100 lbs. No brands. Has black collar with star in face. \$10 reward leading to recovery. Address T. C. Thompson, Sec. B-8-11, Bow Island, S.D.

Local and General

Divine service will be held at All Saints' Church on Sunday next at 7:30 p.m.

The annual meeting of the Ladies Aid of the United Church was held at the home of Mrs. A. F. Werts on Thursday last. Several new members were received. The following officers were elected:—President, Mrs. F. McWilliams; 1st vice-president, Mrs. H. Murray; 2nd vice-president, Mrs. J. Pollett; secretary, Mrs. Pearl Ross; treasurer, Mrs. J. R. Agar. The next regular meeting will be held at the home of Mrs. C. H. Bell on Thursday, May 2nd, at three p.m. prompt.

The evangelistic campaign conducted by Rev. H. Arthur Barton, at the United Church, Bow Island, concluded on Sunday last. In the afternoon a meeting for girls was held in the hall. Mr. Barton's subject being "The girls for the times." In the evening the church was filled to its capacity, and a strong address was given showing the danger of neglecting the great theme of the spiritual life. The spirit of re-education and decision which had been manifesting itself in "several meetings was expressed in a very definite way by a large number. It felt that the spiritual life of the church and of the community has been quickened by these meetings.

Constable Colner of the R.S.W.M.P. of Medicine Hat was in town on Tuesday in connection with getting recruits. The mounties have recently received permission to embark for overseas service and an endorsement is now being made to bring this force up to its full strength.

R. J. Hodges arrived here this week and intends to locate here permanently with the idea of taking up his profession as a veterinarian. For the present his office will be at S. G. Jamieson's.

The Ladies of the Catholic Altar Society will meet at the home of Mrs. L. M. Cullen on Thursday afternoon May 2nd. All members are requested to be present.

Mr. and Mrs. Art Garrison desire to extend their heartfelt thanks to their many friends for the sympathy and assistance given them at the recent loss of their little babe.

The Mayor (S. G. Jamieson) has set aside Monday, April 29th, for cleanup

day. We hope the citizens will respond to the appeal being made and endeavor to get rid of some of those unsightly heaps of rubbish that are sure lying around in places. One's own health as well as his duty to his own health as well as his duty to his own health to clean up his premises, and when one considers that it is only a matter of two or three hours we believe all will agree that it is time well spent.

Mrs. J. Rushworth and family are staying at Medicine Hat for a few days the guests of Mrs. Trippett.

G. O. Lockton has returned to Roseburg, south of Medicine Hat.

Mrs. Sheard has recently undergone an operation at the Medicine Hat hospital.

Geo. O'Brien returned from the front this week on furlough. The opportunity was taken advantage of by a large number of his friends both in town and country to bid him a hearty welcome home. Geo. looks fairly well considering what he has gone through.

The ladies of All Saints' church will meet at Mrs. J. H. Paterson's Thursday next, May 2nd.

Mrs. F. Murphy returned on Thursday from a visit to Ponoka.

Just received a large stock of wire screen, screen doors, screen windows, and screen nets for horses. These are the things you will soon need.—Svensson & Co.

Out of the garden and on to the table, without having to lie waiting in farmers' wagons from the day before or exposed for sale in shop windows! How much better our vegetables would taste, how much more wholesome, and how many more would be eaten, if we had them growing in our backyards.

To cultivate a small patch is not a task—it is a pleasure, and the development of the crop is a study that is in itself interesting. Many who this year will cultivate that little piece of ground around their homes will be surprised at the amount of food which can be secured from a few square feet of land.

Canada needs your help in increasing the food supply. She needs men, she needs money, but what are men and money without food, and if, by the cultivation of only a small area, you can reduce the demand upon the general sup-

ply, it will be just that much to a benefit to Canada.

Canadians eat too much meat. A greater use of vegetables would tend to better health for many. By growing vegetables, that they may be available during the summer months, many families will reduce their living expenses and be the healthier for the effort.

One Work Team and Harness for sale. Also Single Horse. Apply: Mrs. Geo. York, Box 111, Bow Island.

For Sale.

One Hamiltonian mare, about two years old. Would make good driving or saddle horse. Apply—Mrs. J. W. Potter, Bow Island.

Prisoners of War.

Many appeals are now being made for PRISONERS OF WAR. It is entirely unnecessary for any other organization except the Canadian Red Cross—to collect for Canadian Prisoners of War, as the Society supplies these men with bread and other food to the maximum permitted, tobacco and clothing, as allowed by the regulations.

CANADIAN AVIATORS being in the Imperial Army receive their parcels from the Central Prisoners of War Relief Committee, unless by request they are taken over by the Canadian Red Cross Society, which has already and is willing to undertake again to adopt Canadian aviators in this service by paying from the Society's funds, the necessary amount for their parcels, without making any further appeal to the public for this object.

Canada's donations to the British Red Cross and Allied Red Cross Societies help to furnish funds for the care of British and Allied Prisoners. ANY PERSON OR COMMUNITY SUPPORTING THE CANADIAN AND BRITISH RED CROSS IS THEREBY PROVIDING ALSO FOR CANADIAN, BRITISH AND ALLIED PRISONERS.

Returned Canadian Prisoners report that the Canadian Red Cross parcels are arriving safely and are most satisfactory.

New Restaurant Regulations.

Reports reaching the Canada Food Board and comment in the public press go to show that the new restaurant regulations ordered by the Board.

will have warm, general public approval. There is no doubt that a great deal of food will be saved by the strict enforcement of these regulations and there is no doubt that every ounce of food that can be saved is needed in the countries bearing the brunt of the war.

Human nature is such that when opportunity presents every facility is

the pre-war standard of eating and drinking, that standard will be maintained despite public knowledge of the necessity of changing that standard to a new basis. Everybody will admit the need. Everybody will be apt to wait for other people to do the saving. The new regulations will, still to a certain extent, relying upon voluntary cooperation, add a great deal more to the element of compulsion than was included in the first regulations passed for public eating houses. The fact of very strict fines are hanging over the heads of not only proprietors of public eating places, but employees as well, will have a decided effect. Persons violating these new regulations or impeding their enforcement are liable on summary conviction before a police magistrate or two justices of the peace, to a penalty of not more than \$1,000 and not less than \$100 or imprisonment for terms not exceeding three months or both fine and imprisonment.

Under the new regulations the word "pork" is substituted for the word "bacon." It will be noticed. Bacon, in the trade use of the term, means the whole hog, but as consumers are accustomed to use it, bacon means "bacon" that is, the side or back of the hog. Pork—cured, fresh or pickled—is now all included in the regulation, and the consumption restricted. Another point brought out in connection with the new regulations, is that on and after the first day of June, 1918, public eating places will be subject to license from the Canada Food Board.

Burdett.

The heavy windstorm last Saturday night was the means of creating a little panic at the Majestic during the evening performance. During the height of the gale one of the windows blew in and struck a woman on the side of the head. Her little cry of alarm was taken by one of the masculine members of the audience to be something more serious, and he yelled out "fire." There was an immediate stampede towards the door and for a few minutes there was general confusion. Fortunately, Mr. Sandy and a few others kept cool and finally persuaded the audience that "there was nothing doing." The whole thing while it did not last long yet it impresses upon one the necessity of keeping cool in such an emergency. And from what we hear some of the men present need this reminder.

The combined wind and dust storm on Saturday night besides overturning a few buildings here and there was also responsible for turning a cock car upside down north of town.

N. Straley was in town on Monday and reported that he had just completed the seeding of 500 acres. This is the type of man that the country needs at the present time.

Clayton A. Holmes, who has been for some time employed at the Burdett garage, has received instructions to report for active service at Calgary in Class B2. Mr. Holmes had offered his services previously, but was then rejected on account of defective eyesight.

Private C. Zion, who was lately drafted from Burdett, was in town on Tuesday transacting private business previous to leaving overseas.

Trooper Jas. Shearer of the Strathcona Horse, arrived home this week on furlough after seeing two and a half years service at the front. He reports in Toronto again next week for duty.

Mr. Caughey is engaged in building at his garage a racing car. Much interest is being evinced in its construction.

Mr. and Mrs. O. H. Brunasdale are visiting their son, C. H.

Get Behind the Wheel of a Ford and Drive

TRY it just once! Ask your friend to let you "pilot" his car on an open stretch. You'll like it, and will be surprised how easily the Ford is handled and driven.

If you have never felt the thrill of driving your own car, there is something good in store for you. It is vastly different from just riding—being a passenger. And especially so if you drive a Ford.

Young boys, girls, women and even grandfathers—thousands of them—are driving Ford cars and enjoying it. A Ford stops and starts in traffic with exceptional ease and smoothness, while on country roads and hills its strength and power show to advantage.

Buy a Ford and you will want to be behind "the wheel" constantly.

National Manufacturing Co.
LIMITED
Box 486, Edmonton, Alta.

When writing mention The Bow Island Review

Brunasdale, and daughter, Mrs. F. Barnes, this week.

We understand that force of circumstances has compelled our local postmaster to dismiss his cook, C. T. MacKinnon, this week, and W. J. Elliot, the dish-washer, is momentarily expecting a similar order.

Miss Patrie, who has recently accepted a position as assistant at the local post-office, is one of our Canadian Women of whom we may well feel proud. Last year with her father and four brothers at the front she was confronted with the problem of cultivating the farm herself and notwithstanding her inexperience she tackled the job right from plowing to harvest, and ultimately reaped a very satisfactory reward for her services. With a spirit of this kind abroad in the country animating our womanhood the male kind must surely look to its laurels.

The Village Council will probably raise the prices of town lots in the very near future. Those of our residents who have not as yet bought should take the hint.

W. O. Lyons is putting up a two-story house at the rear of A. H. Rygg property.

A. W. Mason was a visitor to Lethbridge last week-end.

Mr. McKinnon of Lethbridge was in town this week in connection with the S.O.S. (Sons of the Soil) movement, and was instrumental, we understand, in getting several of our bigger buds to volunteer to help in the production of food.

Town lots have recently been purchased by the following:—

E. Hamel, lots 21 to 24, Block 20
Geo. A. Milto, 19 20, block 71
James Ashton, 19 and 20 block 4
Hugh McGilliard, lots 11, 37 and 38, block 22
J. F. Hamilton, lots 13 to 17, block 10.

about 75% of the wheat has been seeded and 65% of all grains

Mr. and Mrs. Jubb are expected home this week.

The farmers are exceedingly busy just now on their farms, most of them engaged in seeding. As far as we can ascertain

John Stacey has arrived from Medicine Hat to engage in construction work.

It's Cheaper to Paint than Repair

YOUR house—if it is four years old or older—is worth at least 50 per cent more today than when it was built. Lumber and cement are so high that it would cost half as much again to build this year as it did in 1914. So it is obvious that either a new house or an old one is today so valuable a property that its owner must conserve it unless he is committed to a policy of wild waste. Keep your house—and all your buildings—protected. And let your paint-protection consist of an economical plan. Use the paint that goes farthest—lasts longest.

B-H PAINT "ENGLISH" 70% Pure White Lead 30% Pure Zinc 100% Pure Paint

The kind we guarantee to possess in its important base, the above correct formula. This formula, printed on every can over our President's signature, commits us to this standard. High in cost as white lead has become, we must live as much of it as before—to use less, would necessitate the removal of the guarantee from our cans and would injure the high reputation, which these paints have acquired by reason of their superior ingredients.

Other B-H Products of Sterling Worth

We carry and recommend the following B-H products:
For Interior Finishing: "China-Lac"—the perfect Varnish
Stain: "Fresconite"—flat tone oil paint.
Staining the Roof: "Anchor Brand Shingle Stain" in 19 different colors.
B-H Porch Floor Paint: For Porch Floors, Cellars and parts exposed to weather.
Plaster Ceilings and Walls: "Fresconite"—flat tone oil paint.
Varnishing a Floor: "Floorclutter"—excellent for interior floors.
For barns and outbuildings: Imperial Barn Paint

Miss Jane Woods has taken Harry Winchcombe's position in the post-office, and is proving very popular. Her smiling face is very welcome to her many friends.

Mrs. G. W. Parker, Mrs. V. M. Bryant and Mrs. Jessie Larsen suited to Medicine Hat on Thursday.

Mr. A. E. Kendall has been confined to his room for nearly two weeks with la grippe, but it now slowly recovering.

Mrs. Wm. Wilkinson, of Irvine, and Miss Spencer and Miss Harvey of Medicine Hat are visiting Mrs. Harvey Davies for a few days.

Mrs. Alfred Larsen, and her mother Mrs. McLean, and Mr. McHoughall and his two daughters, Sarah and Catherine, have returned from California.

Rev. Wood has moved into town and is now residing in the old church building which was recently remodelled.

Mrs. Fred Pretty, Mrs. Hart's mother, of Spokane, Wash., was visiting Mr. Bert Hart and accompanied him to Rochester, Minn.

Mrs. M. J. Collins had a very narrow escape from being seriously injured in a runaway with her two smallest children on Tuesday. The tug broke causing the horses to get frightened. Mrs. Collins, fortunately, managed to keep the babies from being thrown to the ground.

Mr. Jess Hinch has moved across to the Citizens' lumber yard with his new vulcanizing shop.

Dr. Woodland of Medicine Hat was called recently to attend to Mr. Phil De Wold's babies.

Road Allowance or Surveyed Highway.

NOTICE IS HEREBY GIVEN that J. F. Skidmore of Winnifred, has made application to the Minister of Public Works, Edmonton, for a lease of the following road allowance or surveyed highway, viz.—The original road allowance running east of Sec. 1, Twp. 9, Rge. 18, west 4th M.

Any protest against the granting of the above-mentioned lease must be forwarded to the Minister of Public Works, Edmonton, within thirty days from the date of this notice.

Dated at Winnifred, Alberta, April 25th, 1918.

J. F. SKIDMORE,
Applicant.

Manufacture of Cream Cheese

At some time or other during their career, most dairy farmers have experienced difficulty in marketing their produce satisfactorily. The trouble may have been because of a poor demand for the product, or the quality may have been below the standard.

The dairy produce from the Experimental Farm, Agassiz, B. C., has been sold in a number of different ways one of the most satisfactory of which

is in the form of cream cheese. The cream cheese appears to be the most popular soft cheese. It is easily made on the farm and requires very little special apparatus. The labor and cost of making and packing are small, so that the manufacture is well suited for any producer within a reasonable distance from a market. It is a suitable and remunerative method of marketing cream. During cool weather we have been able to keep this cheese for a week or ten days without any appreciable deterioration in flavor, but as evaporation is going on continually the cheese, unless originally made over-weight, will not be up to the standard weight at the end of this time. It is therefore advisable to place it on the market as soon as possible after completion.

The market as yet is limited but the demand appears to be increasing. We have sold during the past twelve months 5,420 of these cheeses in the

city of Vancouver. The wholesale price obtained is 15c each, which amounts to \$815.00 for the product during the past year. Each cheese weighs six ounces and approximately ten boxes are now being manufactured weekly from 170 pounds of twelve per cent cream. This brings a return of ninety cents per pound butterfat for the cream, with the whey retained for feeding purposes.

The shape of the cheese is cylindrical from one to one and a half inches deep and three inches in diameter. When moulding, the cheese is pressed into a cheesecloth cover and when ready for shipment is encased in a most cardboard carton. It is a cheap cheese and a convenient size for table use. Physicians have found it a suitable substitute for meat as a filling for sandwiches. It is also found to be very delicious and palatable when served with lettuce, celery, or any of the various kinds of vegetable salad.

The method of manufacture is concisely described in Exhibition Circular No. 23, which may be obtained for the asking from any of the Experimental Farms.

U. F. A. MEMBERSHIP DRIVE

During the latter part of June and the first part of July a membership drive has been arranged for by the United Farmers of this province. This organization campaigns the plug for which are quite extensive, and cover the entire province. Speakers with special knowledge of the organized farmers' movement are being sent to the various parts of the province and will work conjointly with the members of the local branches.

It is hoped that it will be possible to send a woman speaker representing the U.F.W.A. to the various points also in the interests of that organization.
